

17752

USB Memory Card Reader/Writer

Overview

The 17752 is a multiple-slot, high-speed reader/writer that allows a computer to read a memory card. When used with Campbell Scientific equipment, the 17752 typically reads data

stored on CompactFlash or microSD cards, but it can read many different types of memory cards. The 17752 connects to the computer's USB port.

Detailed Description

The 17752 can read the following types of cards:
